PASIC PROGRAM ADS

Advertising with PAS gets your marketing message in front of students, educators, professional musicians, enthusiasts and players of all levels – people who are serious about drums and percussion. These are people who not only purchase percussion instruments, accessories, literature and gear, but also influence others in their buying decisions. They are people who seek out educational opportunities as well – from workshops and summer programs to degree programs at colleges and universities.

WHY ADVERTISE IN THE PROGRAM?

Not only a practical guide to all of the PASIC events, the program contains artist bios and session information. It's also becoming a keepsake, with our NEW program featuring artists rendering the PASIC name.
